

Founded in 1883, UAB ŠVENČIONIŲ VAISTAŽOLĖS specialises in producing and packaging remedial herbs and nutritive teas. The company sells its products in Lithuania and exports them to the Baltic States, Europe, Russia and USA. Having joined the traditions of consuming herbs and new technologies and having gathered qualified specialists and researchers for work, the quality of the products became among the highest in Europe. The tea is packaged into eco-friendly packages without glue or metal elements. New and modern technology allows strict supervision of tea quality and preserving remedial properties and flavour of the herbs.

ŠVF, ETNO, ETNO Life and ETNO Eco teas are successfully realized in Lithuanian and foreign markets.

Company achievements and evaluations:

- In 2009, in the exhibition Made in Lithuania 2009, ETNO Eco ecological thyme tea was awarded with the prize of „Ecological product“.
- In 2008, the company gained a certificate of ecological production.
- In 2008, the tea ETNO Šiltas Prisiminimas (Warm Recollections) was awarded in a specialised exhibition of agriculture and food Agrobalt 2008.
